

ABOUT US

Globally, Save the Children protects the lives of children in more than 120 countries and each year we support millions of the hardest to reach and most vulnerable children and young people around the world.

Save the Children Fiji is the country's peak child rights organization and we have been helping make meaningful change in the lives of children for more than 40 years. Since our inception in 1972 we have worked to improve access to education and health programs for some of the countries most vulnerable and marginalized children and families.

We are a non-political organization that is dedicated to bettering the lives of children in a sustainable manner in Fiji.

OUR WORK

Locally, we work to create long lasting, sustainable change in the lives of children in Fiji by driving change from the community level to government and policy.

We take a holistic approach to our advocacy and programmatic work by working directly on key areas of:

Health

- Focus is on School Health and Nutrition programs in Early Childhood Education Centers
- Promotion of Water, Sanitation, Hygiene (WASH) practices in schools.

Child Protection

- Creating awareness & ethical standard of measures and structures in place to prevent and respond to abuse, neglect and exploitation and violence affecting children
- Ensuring child safeguarding

Education

- Dedicated to ensuring children actively engage in their own education.
- Providing assistance with education materials to disadvantaged families.

Child Rights

- Creating awareness of children's rights including protection from all forms of violence.
- Creating an enabling environment for the realization of children's rights.

Disaster Risk Reduction

- Supporting communities and schools to reduce the risks of disasters with a child-centered approach.
- Includes DRR clubs for children, community trainings and advocacy for better DRR policies and practices.

Child Participation

- Empowering children to speak up on issues that affect them.
- Focus on ensuring children from any environment across the country have a platform to raise their concerns.
- Creating child led initiatives for children to participate in decision making and their voices to be heard

Humanitarian Response

- Providing Education materials to children and teachers, temporary learning spaces to schools, water, sanitation and hygiene support to schools during disaster.
- Child protection support through establishing child friendly spaces and psychological support.
- Support to community livelihoods through cash for work programming

2018

MEMBERSHIP DRIVE

We need your support in our development and humanitarian response programs in Fiji. Your contribution ensures we can positively impact children in need both now and in the future.

OUR PRIORITY

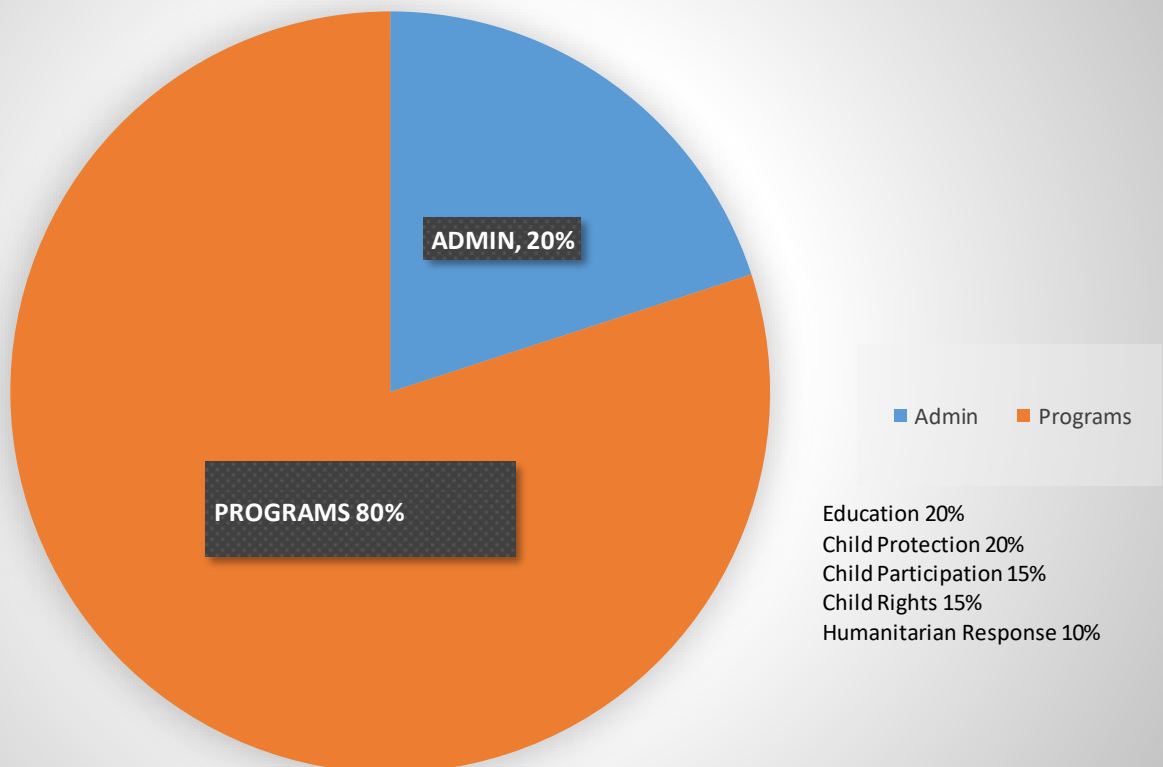

Child Protection underpins all of our work and, as such, we are dedicated to promoting and building the understanding and capacity as to how to effectively apply this to everyday life.

We are also bound by our Child Protection Policy and ensure our partners, and anyone involved in our work, understand and implement these standards.

Therefore we need your support in:

**Education | Child Protection
Child Participation | Child Rights | Humanitarian Response**
